

CANONPHOTO

Version 1.5 for Windows® 95, Windows 98 or Windows NT® 4.0
Macintosh OS 8.5.1 or higher

Who Are You Going To Trust With Your Pictures

- Retouch and enhance photos with professional results
- Adjust brightness and contrast with the click of a button
- Many special effects to add a whole new dimension to your photos
- Get and organize your photos quickly
- Add pictures, movies and sound to your e-mail
- Send images or projects to your home page or as an e-mail attachment
- Choose from over 250 templates to print clever invitations, flyers and more

With Canon Photo, you can digitally enhance and retouch your photographs, share them with your friends and family over the Internet, explore special effects and create wonderful photo projects. Whether you capture an image from your digital camera, scanner, hard drive, or the Internet, Canon Photo lets you organize your photos the way you want them. A human-friendly interface puts all of your creative options within reach, allowing you to see exactly how changes will affect a photo before you make the change.
